TRIP ITINERARY: June 21-29, 2009 (Sun-Mon, 9 days)

Sunday, June 21st

We will begin our camp with an Adventure Camp Orientation, swim test, have dinner, attend Camp's Opening Jamboree, and prepare for our week together.

Monday, June 22nd

We will depart from Camp Sky-Y in the morning after breakfast and travel to a ranch owned by the Grand Canyon Trust located near Jacob's Lake UT. At this ranch we will camp in tents on a field, but have access to the ranch's bathrooms, showers, and kitchen for cooking. We'll probably arrive in the late afternoon, set up camp, cook dinner, do some exploring and have a campfire before heading to bed.

Tuesday, June 23rd

We'll make breakfast at our campsite, pack a sack lunch meet the volunteers with the Grand Canyon Trust to begin our service projects

Wednesday June 24th through Fri June 26th

Each day we'll begin by cooking breakfast, packing a sack lunch, and meeting our supervisors for our environmental service projects. During the evening we may take a trip to the North Rim, cooking and cleaning up dinner, play board/card games, games around the campfire and relaxing from our hard days of work.

Saturday June 27th

We'll get up and cook breakfast, pack up camp and head out to south rim of the Grand Canyon where we will be camping at the group campsite. We'll take some great pictures, a short hike along the rim trail, visit tourist shops, stop for pizza in town and possibly see and IMAX movie.

Sunday June 28th

After breakfast, we will pack up camp and load everything into the camp vehicle and head for Prescott. We will return to YMCA Camp Sky-Y in the afternoon, clean up our gear, and have a chance to participate in some activities offered at Sky-Y. These could include Ropes Course, Climbing tower, Hike, Pool, or canoeing. We'll participate in camp's evening campfire program and wrap up the trip.

Monday June 29th

Campers can be picked up at Camp Sky-Y from 9:00-1:00am, or take the bus back to the *Christown YMCA*, and be picked up around 12:30pm.

ITINERARY IS TENTATIVE AND SHOULD BE CONSIDERED FLEXIBLE
